

American Academy of Pediatric Osteopathy

Hereby Confers a Founding Membership to

J. Yusuf Q. Erskine, DO

The Mission of the AAPO is to foster a greater understanding of Osteopathic Principles and Practice in the field of pediatrics as developed, elucidated, and taught by Dr. Andrew Taylor Still, Dr. William G. Sutherland and their students; To gather and disseminate knowledge concerning Osteopathic Principles and Practice in the field of pediatrics; To foster cooperation between the experts; To develop educational programs for members, promote and coordinate research in Osteopathic Principles and Practice in the field of pediatrics; and to gather the best resources from around the world and disseminate this information to its members, and serve as a resource to the larger pediatric community.

A handwritten signature in blue ink, appearing to read "Shawn K. Centers", is written over a horizontal line.

Shawn K. Centers, DO FACOP
AAPO Founder and President
